HOTEL SAFE

TOP SAFE FROM THE OMNITEC RANGE OF CUTTING-EDGE TECHNOLOGY. INCORPORATES ADVANCED SECURITY AND MANAGEMENT FEATURES FOR SUPERIOR CATEGORY HOTELS

SMART HOTEL SOLUTIONS

BW-02020

Safe for hotel and office with advanced technological functions and with the highest security standards.

The Blue west BW-02020 hotel safe allows you to simply and efficiently manage the security level offered to your guests, all electronically, as well as determining its use as free or under rental agreement.

An electronic hotel safe built of carbon steel, with motorized opening by code and confirmation of code and operation on the LED display. Hotel safe available in 7 sizes with front, top or front sliding opening.

Features & Standards

- Motorized opening and closing with configurable code of 4 to 6 digits
- Audit trail by software, by control unit or by printer for the last 100 openings and 100 closings
- Emergency opening with:
 - X-Master random code generated by the E-Master software (included), with limited validity of 15 minutes.
 - Management control with Bi-Code function which increases security. The control feeds the mechanism in case of exhausted batteries.
 - Master code
 - Mechanical key
- Emergency electronic delayed opening
- Braille on keypad, acoustic and visual signals to facilitate operation for persons with visual or hearing disability
- Low consumption LED interior lighting
- Door with opening spring
- 110° wide opening hinge to introduce belongings without risk of damaging them
